ISSUE DATE: **February 19, 2026**

Standard Recommendations (p. 8): Amended February 13, 2026

SR5: All remodeling, renovation, and infrastructure projects funded with Carryforward funds, pursuant to section 1011.45, F.S., are hereby recommended, provided the projects do not result in a space category's "*% of Space Needs Met (Final)*" to exceed 100%, or the specific overage(s) reflected in the Space Needs Analysis herein. In the case of the latter (i.e., specific overages), so as not to unintentionally establish new de facto thresholds exceeding 100%, the University's primary objective should always be to reduce these excess percentages before the next Space Needs Analysis.
